Modern Wood Floors

Beauty of Wood

Alpine Collection unites the classic and the modern. The classic is represented in the upper layer, made of oak, with lacquer or oil finish in various shades and colors.

The modern aspect of the collection is hidden in the composition of boards. A three layer composition enables dimensional stability of the parquet flooring and its durability.

Grade

Grade AB - natural

Unique structure and colour, imperfections like small knots are limited or not present, no cracks present.

Grade CD - rustic

Natural colour variations and sapwood allowed, knots up to 40 mm allowed, cracks filled with black or natural colour filler are limited in numbers.

Grade DE - extra rustic

All natural imperfections and slight irregularities in wood allowed, unlimited number of cracks and knots filled (open or closed) with a black or natural colour filler.

Surfaces

Smooth

Surface is only sanded and coated with lacquer or oil. No additional surface treatment has been made, so the wood texture can be seen as it naturally is.

Brushed

We removed soft wood from the surface with brush rollers so that only hard wood remained. Surface is now harder and more robust. Due to brushing the surface is also more resistant to scratches and impacts.

Dimension:

14/3 x 125 x 900 mm	Mont Blanc, Val Gardena, Wengen, Alta Badia, Canazei, Arraba, Bormio
14/3 x 120 x 600 mm	Courchevel, Zermatt, Meribel, Kitzbühel

Surface:

Brushed	Val Gardena, Kitzbühel, Zermatt, Wengen, Alta Badia, Canazei, Arraba
Smooth	Bormio, Mont Blanc, Meribel, Courchevel

Finish:

UV Lacquered	Val Gardena, Arraba, Bormio, Meribel, Courchevel
White UV Lacquered	Mont Blanc, Alta Badia
Natur Oiled	Canazei, Wengen, Kitzbühel, Zermatt

Grade:

AB	Mont Blanc, Bormio
ABC	Val Gardena, Meribel, Kitzbühel, Zermatt, Courchevel
CD	Wengen, Alta Badia, Arraba
DE	Canazei

Underfloor heating: Not all flooring is suitable for underfloor heating. Due to a multi-layered composition of the Alpine parquet flooring heat conduction is good and the flooring can easily be used on underfloor heating systems.

Declaration of Performance:

Characteristic	Declared performance	Corresponding harmonized standards
Density and thickness:	620 kg/m ³ , 14/3 mm	EN 14342:2013
Dimension:	14/3x 120, 125 x 900/600 mm	EN 14342:2013
Reaction to fire:	Dfl-s1	EN 14342:2013; EN 13501-1:2007+A1
Emission of formaldehyde:	E1	EN 717-2:1996/AC:2002; EN 120:1996
Breaking strength (max load):	NPD	EN 1533:2010
Slipperiness:	NPD	EN 1339:2003, Annex J
Thermal conductivity:	0,163 W/m ² K	EN ISO 10456
Biological durability:	Class 3	EN 350-2; EN 351-1
Determination of PCP content:	No detectable, PCP < 5PPM	CEN/TR 14823
Moisture content:	7%±2%	EN 13183-1:2002

The images in this brochure are only indicative of the appearance you can achieve and the floor may look different to the samples. We therefore suggest you visit your supplier to view larger display of boards which will give a better indication of how it will actually look.
